Objective

I bring a fresh perspective and a strong passion for frontend development. With a solid foundation in problem-solving and a commitment to learning, I'm excited to leverage my diverse skills to create captivating, user-friendly web interfaces. My goal is to contribute to dynamic teams and evolve into a proficient frontend developer who combines creativity and technical expertise to deliver exceptional digital experiences.

Education

Bachelor of Petroleum Engineering - Suez University.
Graduation Year (2020).
Accumulative Grade: very good (GPA 3.12).

Experience

- Frontend developer at Vijua (remotely) – 1 year now.
  Vijua is a software company specialized in interactive ebook technologies and digital publishing.
- Web development instructor at debug programming academy.
